Z9999 Continued From page 7

Surveyor observed the morning routine in the home on 6/11/2014 from 8:55 a.m. to 9:30 a.m.

At 9:03 a.m., R4 was escorted into the dining room with E10, Direct Support Person.

At 9:11 a.m., R4 went into the kitchen and was standing by the center counter. R3 was standing by the counter and R4 proceed to hit R3 two times on her shoulder. R3 started to cry and went into the dining room. R4 then went into the dining room and turned over the dining room chairs onto the floor. R4 proceeded to go back into the kitchen.

At 9:18 a.m., Surveyor observed R4 threatening to hit R9 as she passed her going out of the kitchen and R4 also told R12 that she did not like her hat and "I hate you."

At 9:19 a.m., R4 trying to hit R3 again and had a fork in her hands. E2, Qualified Intellectual Disability Professional, with the assistance of staff removed the fork from R4's left hand and used a physical holding restraint briefly. R4 once released started hitting the table, spitting, and threw the phone on the floor.

At 9:24 a.m., R4 was yelling, trying to kick staff. R4 was assisted to the medication area to receive her medications. R4 observed by surveyor (with 3 staff around her) trying to kick staff, hitting the medication bubble pack, trying to hit staff with her hands. R4 observed to be very aggressive toward staff and E2 observed to use holding restraint to both wrist to block her hitting and grabbing onto E2 clothing.

During afternoon observations at the facility on
Continued From page 8

6/10/14 from approximately 4:05 through 5:45 p.m., R4 displayed loud physical and verbal aggressive behaviors.

R4 began displaying the behaviors when she returned from her day program at 4:05 p.m. Surveyor was observing the medication pass in the hallway. R12 was beginning to receive medications from E5, Direct Support Person (DSP). R4 used loud abusive language and threw her walker. R4 was in the hallway near the bedrooms. R4 hit the wall with her fist. R4 grabbed E2, Qualified Intellectual Disability Professional (QIDP). R4 was screaming and hit E2 on the arm. R12 was told by E5 to go into the dining area.

At 4:05 p.m., R9 was in E2's office. R9 was implementing her money program with E2 when R4 arrived in the home.

R3 was in the dining room. R3 came to the surveyor and took surveyor by the arm and led surveyor into the dining room. R3 closed the door to the dining room. Once the door to the dining room is closed, the residents do not have access to the rest of the home. R3 said to the surveyor, "come in here, I don't want you to get hurt."

Surveyor left the dining room at approximately 4:15 p.m. Surveyor observed R2 sitting in the living room with the door closed to the hallway. R1 was sitting in the television room. Surveyor interviewed E5 (6/10/14 at 4:15 p.m.). E5 said when R4 has behaviors the protocol is to have 2 staff with R4 and keep everyone else away from R4.

At 4:28 p.m. E6, DSP called E8, afternoon
Continued From page 9

supervisor to report the severity of R4's behaviors. R5 came to the dining room and hugged E6. E6 asked R5 "are you alright?" R5 said, "no." E6 asked R5 if she was afraid. R5 said "yes."

At 4:28 p.m. R3 said, "I try to be careful, a couple people be afraid, she scratched me."

At 4:40 p.m. R9 was sitting in E2's office. R9 was waiting in the office to finish her money program that was disrupted when R4 came home from day program at approximately 4:05 p.m.

At 4:45 p.m. E8, afternoon supervisor, came to the home. E8 came into the dining room to talk to the individuals who were behind the closed door. R5 was crying, she said she was thinking about her mom in heaven. R5 said she wanted to leave the home and visit another home.

At 4:45 p.m. R9 came into the dining room and said to surveyor R4 is bothering me, write that down. R9 told E8 the same information she told surveyor. R7 was sitting at the table crying.

At 4:55 p.m. R8 and R9 were sitting in the dining room. Both said they would ignore R4. R9 balled her hand into a fist and made a hitting motion and said I don't like R4.

At 5:05 p.m. the nurse, E7 arrived. E7 said she was in the home to assess R4. E7 said she gave R4 Ativan 1 mg, it usually helps.

At 5:10 p.m. R4 was in E2's office with E2, the door was closed. R4 left E2's office and came to the kitchen with E6. R4 started yelling, R4 and E6 left the kitchen and went into the hallway. R9 asked E5 to close the door.
At 5:30 p.m. R5 said she did not want to walk in the hall by herself without staff.

On 6/11/2014 the following individuals were interviewed about how they feel living in the home.

1. R1 (R1 is her own guardian) was interviewed on 6/11/2014 at 7:12 a.m. - R1 stated "I am afraid, (R4) has hit me. I feel upset that she hit me, she has hit me a couple of times. I tell someone or staff will see it then staff look at me for any marks. If she comes into my area or space I would leave and go away. I live here and I should not feel scared."

2. R5 was interviewed on 6/11/2014 at 7:23 a.m. - R5 stated "R4 has hit me at home. I feel bad when she hit me. I don’t cry. I call mom if she comes into my room."

3. R6 was interviewed on 6/11/2014 at 7:27 a.m. - R6 stated "sometime she (R4) hit my head with her fist. I not really scared of her. If she comes into my room I would get the staff right away. If she come into the TV room with me I would walk away."

4. R10 was interviewed on 6/11/2014 at 7:36 a.m. - R10 stated "(R4) has hit me on the shoulder. I don’t know why she hit me. I did not hit her back. If she comes into the room I am scared of her."

5. R7 was interviewed on 6/11/2014 at 7:42 a.m. - R7 stated "(R4) hit me a year ago and tried to hit me yesterday. I feel sad when she try to hit me. (R4) tell everyone to shut up. I am scared of"

(R4). I don't like her because she is being mean to everybody. I tell staff if she is being mean to me."

6. R10 was interviewed on 6/11/2014 at 7:50 a.m. - R10 stated "I am not scared of (R4). We are not friends. I talk to E2 if I have a problem with (R4)."
Plan of Correction

Provider: Coleman Home 6300 N. Ridge Ave. Chicago, Illinois 60660

Date Survey Completed: 6/19/2014

W 122 483.420 CLIENT PROTECTIONS

This finding was noted during the annual licensure and certification survey completed on 6/19/14.

The facility needs to ensure client protection by ensuring clients are free from abuse and neglect, free from unnecessary drugs and restraints and that individual freedoms are promoted. The facility failed to ensure client protection when the facility failed to ensure residents were not subjected to physical, verbal or mental abuse from R4.

To prevent reoccurrence, on 6/11/14, the facility called R4’s guardians to inform them that they had to pick up R4 as she is a threat to the safety of the other residents living in the home. While waiting for the guardian to arrive, R4 stayed in the Day Program with a 1:1 staff member and no other clients present. The facility then contacted River Edge Psychiatric Hospital to inquire about inpatient openings for R4 and obtained a release of information from the guardian to initiate a referral plan through Community Alternatives Unlimited. If after treatment, R4 is unfit to return to the facility, the facility will work with the guardian to provide appropriate alternative placement. However, due to the fear expressed by clients of the Coleman Home, R4 will not return to the Coleman Home to prevent any continued risk of aggressive or disruptive behavior which could result in psychological and physical abuse. The Administrator met with all clients in the Coleman Home to let them know that R4 will not be returning to the home. Additionally, the clients met with the facility counselor for group counseling for additional emotional support. This group counseling will continue weekly for 6 sessions. Additional group or 1:1 counseling will be determined by the facility counselor. The facility will also update the abuse prevention policy to ensure instances of resident/resident abuse do not go undetected. This will happen through review of behavior incident reports, trend analysis, and risk prevention review. This update will occur by 7/11/14. The Administrator will in-service Directors, Supervisors and QIDPs on the implementation of the revised policy by 7/18/14.

The Administrator shall be responsible for compliance with this plan of correction.
