Illinois Behavioral Risk Factor Surveillance System Data Request Form

The BRFSS staff at IDPH would like to help you get the most information possible from our data; although it will take us a bit of time to do the custom analysis you may need. We can provide you with prevalence estimates as well as 95% confidence intervals.

In order for us to be of the most help to you, please provide the following information pertaining to your data request and send it to DPH.BRFSS@illinois.gov.

Topics of interest -

Data year(s) of interest -

Geographic area(s) of interest -

Demographics needed -

Any other information that will help us to fulfill your request -

There are also tools available for your use on the CDC/BRFSS website that may help you obtain the information in a timely manner.

https://nccd.cdc.gov/s_broker/WEATSQL.exe/weat/index.hsqli

This link is to the Web Enabled Analysis Tool. You may use this to conduct real-time state-level data analysis.

<https://www.cdc.gov/brfss/brfssprevalence/index.html>

This link allows you to do prevalence and trend data at the state level.

https://www.cdc.gov/brfss/data_documentation/pdf/userguidejune2013.pdf

This link is to the latest version of the Data User Guide which will give you the information you will need to use the data properly.

https://www.cdc.gov/brfss/annual_data/annual_data.htm

This link gives you access to all of the available state data by year in a downloadable form.

Thank you for using the Illinois BRFSS data.
