RECERTIFICATION SEMINAR BULLETIN

2003

The following have been approved for recertification credit under the Illinois Structural Pest Control Act. If you have a technician certificate which expires 12-31-2003 and you have not attended an approved recertification seminar, you must attend a seminar prior to renewing. Attendance at a seminar DOES NOT automatically renew your certification; it merely makes you eligible to renew when you receive your renewal application from the Department in October of the year of expiration. Bulletins are mailed only after several seminars have been approved for recertification credit. You may check the website or contact the Department between bulletins to see if others have been approved. **If you wish to receive additional bulletins produced during 2003 by mail, you must submit a self-addressed, stamped envelope to the Department at the above address.** *An updated version of this bulletin may be viewed at www.idph.state.il.us/envhealth/pdf/Bul1-2003.pdf.* To register for a seminar, you must contact the appropriate seminar sponsor.

Seminar Sponsor

Bunge Milling
P.O. Box 571
Danville, IL 61834-0571
217/443-9767
Contact: Wanda Maxfield
