

Plumbing Program

Continuing Education Class Schedule

2011-2012

IMPORTANT: A plumbing license will be required as identification when attending continuing education classes. For individuals who have an Illinois license and a City of Chicago license, both license numbers must be provided on the sign-in sheet. Attendees should arrive early to allow time to check-in, and must keep the certificate of completion for their records. This list is NOT all inclusive. Many sponsors will offer additional classes that do not appear in this schedule.
