## Publications Immediately Available to the Public

The following link takes the user to those publications that are immediately available to the public. This Web page is updated as new publications are added.

[http://www.idph.state.il.us/pub\\_home.htm](http://www.idph.state.il.us/pub_home.htm)

## Records Available Under FOIA by Topic Area

Following is a listing of topic areas for each office within the Department for which records are available subject to restrictions as outlined in the Freedom of Information Act, 5 ILCS 140/5.

### Office of the Director

- Electronic Health Records Taskforce
- Freedom of Information Act
- Illinois HISPC (Health Information Security and Privacy Collaboration)
- Minority Health Services
- Refugee and Immigrant Health Screening

### Office of Finance and Administration

- Budget operations and fiscal control
- Department facilities
- Financial and accounting services
- Vehicles

*The office also maintains records on births, deaths, marriages and divorces; however these records are exempt from FOIA. The Vital Records Act specifies the procedures for obtaining these records.*

### Office of Health Care Regulation

- Alternative Health Care Delivery Pilots
- Ambulatory Surgical Treatment Center Licensure
- Assisted Living, Shared Housing and Board & Care Homes
- Certified Nurse Aides
- Clinical Laboratory and Blood, Sperm and Tissue Bank Regulation
- Community Living Facilities
- Cord Blood Stem Cell Bank Network
- End Stage Renal Disease Facilities
- Freestanding Emergency Center
- Health Care Professional Credentials Data Collection
- Home Health, Home Services, and Home Nursing Agency Licensing

# Record Topics

---

- Hospice
- Hospital
- Innovations in Long-Term Care Quality Grants
- Long-Term Care Facilities
- Supportive Residences Licensing (AIDS Residences)

## Office of Health Promotion

- Alzheimer's disease research and assistance centers
- Arthritis education
- Asthma prevention and education
- Cardiovascular disease risk reduction
- Child passenger restraint education and promotion
- Comprehensive cancer control
- Dental care and dental sealants
- Fluoridation of drinking water
- Hearing aid consumer protection
- Men's health programs, including prostate and testicular cancer
- Newborn screening for genetic and metabolic diseases
- Organ transplantation education and support services
- Physical activity and nutrition
- Smoke-free Illinois and tobacco prevention programs
- Sudden infant death syndrome (SIDS) education
- Unintentional injury prevention
- Violence prevention
- Vision and hearing screening of school-age children

## Office of Health Protection

- AIDS/HIV
- Animal Population Control
- Asbestos Abatement
- Campgrounds/Recreational Areas
- Childhood Lead Poisoning Prevention
- Communicable Disease Control
- Dairy Farm, Milk Transportation and Processing Plant Sanitation
- Environmental Toxicology
- Food processing and Food Service Sanitation Manager Certification (FSMC)
- Hazardous Substances
- Immunizations
- Indoor Air Quality Act
- Laboratory Services
- Local Health Protection Grants
- Manufactured housing
- Migrant Labor Camps/Field Sanitation
- Mobile Home Parks (Manufactured Home Parks)
- Non-Community Public Water Supply

## Record Topics

---

- Plumbing and Lawn Irrigation Registration
- Private Sewage Disposal
- Private Water Supplies (Water Well Construction, Drillers and Pump Installers)
- Safe Bottled Water
- Sexually Transmitted Diseases
- Structural Pest Control
- Swimming Facilities
- Tanning Facilities
- Tattoo and Body Piercing Establishment Registration
- Tuberculosis Control
- Vector Control/Arbovirus Surveillance

### **Human Resources**

- Personnel records

### **Office of Policy, Planning and Statistics**

- Allied Health Scholarships
- Community Based Organization Grants
- Community Health Center Expansion Grants
- Epidemiologic research
- Family Practice Residency Grants
- Hazardous Substances Registry
  - Adult Blood Lead Registry
  - Adverse Pregnancy Outcome Reporting System (APORS)
  - Census of Fatal Occupational Injuries (CFOI)
  - Illinois State Cancer Registry
- Life Care Facilities
- Medical shortage areas
- Patient safety
- Statistics

### **Office of Preparedness & Response**

- Ambulance Licensure
- Disaster Planning & Readiness
- Emergency Medical Services-Children
- EMS Professional Licensure
- EMS Systems
- Head and Spinal Cord Registry
- Poison Control Centers
- Regional Ambulance Services Grants
- Trauma center designations
- Trauma Center Grants

## Record Topics

---

### **Office of Women's Health**

- Breast and Cervical Cancer Program
- Penny Severns Breast, Cervical, and Ovarian Cancer Research Fund
- Ticket For The Cure Grants
- Women's health grants

### **Illinois Health Facilities and Services Review Board**

- Capital Expenditure Reports
- Certificate of Need Review

### **Databases**

The following link takes the user to an electronic version of the Database and Datafile Resource Guide maintained by the Illinois Department of Public Health. Please note that there are restrictions to many of these databases due to confidentiality issues or statutory restrictions on the access and use of the data.

### Surviving Disasters

No matter where you live, your community may experience a natural or man-made disaster. Lives can be saved if people are prepared.

[more >](#)

### Protect your home against mosquitoes

To reduce the mosquito population around your home and property, eliminate all standing water and debris.

[more >](#)

### Prevent the spread of rabies!

Rabies is an infectious viral disease that affects the nervous system of humans and other mammals.

<u>Database Title</u>	<u>Purpose</u>	<u>Restrictions</u>	<u>Division</u>	<u>Contact Phone</u>	<u>Reports Generated</u>	
670 Database	To process monthly, quarterly and yearly budget reports.	None	Division of Health Care Facilities and Programs	217-785-4264	Various by query	<a href="#">Data Elements</a>
Adverse Pregnancy Outcomes Reporting System (APORS)	Epidemiologic studies to guide public health policy in the reduction of adverse pregnancy outcomes, infant mortality and developmental disabilities; and to refer infants to the Perinatal Tracking System for a series of follow-up visits by a local health nurse.	Non-confidential data are released without restrictions. Confidential data requests are reviewed by Data Access Committee	Division of Epidemiologic Studies	217-785-7133	Division reports and aggregated data. Annual reports included surveillance of Infants Prenatally Exposed to Controlled Substances ; trends in the Prevalence of Birth Defects in Illinois and Chicago.	<a href="#">Data Elements</a>
Aggregate Data for Chickenpox	To track the incidence of these diseases and animal bites.	None. Patient identifiers are not included	Division of Infectious Diseases	217-782-2016	No response	<a href="#">Data Elements</a>
AIDS Drug Assistance Program (ADAP)	Database for storage of client information on those individuals who are receiving services through the state and federally funded program for AIDS Drug Assistance Program.	Approved by IDPH HIV/AIDS Program. Access to data with identities restricted to program personnel	Division of Infectious Diseases	217-524-5983	Statistical evaluative reports	<a href="#">Data Elements</a>
Ambulance Licensure	To meet the requirements of the EMS Act.	Subject to Freedom of Information Act	Division of Emergency Medical Services and Highway Safe	217-785-2080	Reports as needed. May be generated by region, county and various sort orders.	<a href="#">Data Elements</a>
Ambulatory Surgery Treatment Center Database	Required annual renewal questionnaire. The data will provide an inventory of Ambulatory Surgery Treatment Center Services and subsequent changes over time. A variety of reports is planned to be produced.	None statistically	Illinois Center for Health Statistics	217-785-1064	Profiles of each ASTC	<a href="#">Data Elements</a>
Annual Hospital Questionnaire	To provide data for a variety of reports	None	Illinois Center for Health	217-785-1064	In patient days, length of stay,	

	including the Inventory of Health Care Facilities and Services and Need Determinations. This data is used by the Facilities Planning Board staff in reviewing CON applications. Statistical analysis of the data for hospital groups and for the state as a whole is done to ensure access and coverage are available. Researchers use the data for a variety of projects.		Statistics		occupancy rates, patients served and special reports on each topic for which data is collected.	<a href="#">Data Elements</a>
APORS Birth Defect System	Verify and report on birth defects in Illinois	Only users that maintain patient confidentiality	Division of Epidemiologic Studies	217-785-7129	Auditing reports	<a href="#">Data Elements</a>
Areas of Illinois having state physicians shortage areas and/or federal health professional shortage areas identified by Illinois Department of Public Health, Center for Rural Health	To determine federal and state health professional shortage areas in IL for the purpose of educational loan repayment, rural health clinics, medical student and allied health professional scholarship recipient practice sites.	N/A	Center for Rural Health	217-782-1624	Listing of all State and Federally designated health professional shortage areas.	<a href="#">Data Elements</a>
Asbestos Commercial and Public Building Project Notifications	Under Section 855.220a) 1) of the Asbestos Code, notification for commercial and public building projects shall be submitted to the Department for project activities ranging in size from 3 square feet/3linear feet to 160 square feet/260 linear feet.	Asbestos Program use or requests through the Freedom of Information Act.	Division of Environmental Health	217-782-3517	Current West Chicago Projects and Current Downstate Projects.	<a href="#">Data Elements</a>
Asbestos Contractor Licensing Program	The Asbestos Abatement Act and Code and the Commercial and Public Building Asbestos Abatement Act mandates that contractors shall be licensed by the Illinois Department of Public Health to conduct asbestos activities in all buildings except single family homes and apartment buildings ten units or less.	Asbestos Program use or request through the Freedom of Information Act.	Division of Environmental Health	217-782-3517	Licensed contractors - by request.	<a href="#">Data Elements</a>
Asbestos On-Site Inspections, Fines, Warnings, Violations	Document on-site asbestos abatement project inspections, any violations that occurred and any warnings or fines that are issued.	Asbestos Program use or requests through the Freedom of Information Act.	Division of Environmental Health	217-782-3517	Reports created based on request.	<a href="#">Data Elements</a>

Asbestos Professional Licensing Program	The Asbestos Abatement Act and Code mandates that supervisors, inspectors, management planners, project designers, project managers and air sampling professionals shall be licensed by the Illinois Department of Public Health to conduct asbestos activities in public and non-public school facilities. The Commercial and Public Building Asbestos Abatement Act mandates that supervisors, inspectors, and project designers shall be licensed by the Illinois Department of Public Health to conduct asbestos activities in all buildings except single family homes and apartment buildings ten units or less.	Asbestos Program use or request through the Freedom of Information Act.	Division of Environmental Health	217-782-3517	By request; Licenses Inspectors, Licensed Project Managers, Licensed Project Supervisors, Licensed Air Sampling Professionals, Licensed Project Designers, Licensed Management Planners.	<a href="#">Data Elements</a>
Asbestos Worker Licensing Program	The Asbestos Abatement Act and Code and the Commercial and Public Building Asbestos Abatement Act mandates that asbestos workers shall be licensed by the Illinois Department of Public Health to conduct asbestos activities in all buildings except single family homes and apartment buildings ten units or less.	Asbestos Program use or request through the Freedom of Information Act.	Division of Environmental Health	217-787-3517	Asbestos Workers - by request only.	<a href="#">Data Elements</a>
Assisted Living/Shared Housing Tracking Database	Track licensure activity	No response	Bureau of Assisted Living and Information Support	217-782-2448	None	<a href="#">Data Elements</a>
Behavioral Risk Factor Surveillance System	To determine population based prevalence of behaviors and conditions related to the leading causes of death, disability, and preventable disease among Illinois adults.	No restrictions on published data. Restrictions on database include compliance with CDC "at-risk" definitions, citation of data source, and Departmental review and approval of	Illinois Center for Health Statistics	217-785-1064	Prevalence of behavioral risk factor among Illinois adults.	<a href="#">Data Elements</a>

		reports using database.				
Birth Data	To maintain the vital statistics of the state and to certify the records of birth for the citizens.	Names and addresses are not released; hospitals and doctors are not identified. Small cell sizes stripped of identifiers.	Division of Vital Records	217-782-6554	Annual: births by place of residence, sex, race, age of mother, county, birth weight, out-of-state occurrences, congenital malformations.	<a href="#">Data Elements</a>
Bulk Milk Pickup Tank Permit Program	Maintain records of inspection and licensure of milk tank trucks	None	Division of Food, Drugs and Dairies	217-785-2439	List of milk tank trucks with dates of licensure and inspections	<a href="#">Data Elements</a>
Census of Fatal Occupational Injuries	To identify and quantify occupational fatalities occurring in Illinois	Must have prior approval from Bureau of Labor Statistics.	Division of Epidemiologic Studies	217-557-5663	Annual CFOI report published by IDPH	<a href="#">Data Elements</a>
Certificate of Need Database	Required by statute; data files provide a record of all exemptions	Access is limited to staff in System Development Section	Office of Epidemiology and Health Systems Development.	217-782-3516	From the CON portion of the database, the following reports are available on a routine basis: alphabetical listing of health care facilities, reference numbers by health care facility, applicant ID number by applicant name, CON projects of a health care facility and CON projects sorted by applicant. In addition, the following summary reports are available: projects by project type, approval dates by project, post-permit activity by project, permit alterations by project, State Board action sorted by month, summary of costs by project, dollar costs per square foot, State Board decision/agency recommendations, annual progress report information by health care facility or project and completeness information. Also, the database can generate standardized letters to assist program staff. These include: intent-to-deny, denial, permit issuance, permit renewal and permit alteration letters. From the COE portion of the database, the following reports are available on a routine basis: summary of exemptions granted under the exemptions	<a href="#">Data Elements</a>

Cheese Sampling Test Results	To maintain records of lab test results for cheese samples from food processing facilities in Illinois	None	Division of Food, Drugs and Dairies	217-782-7532	None	<a href="#">Data Elements</a>
Childhood Lead Poisoning Blood Lead Data	To monitor blood lead levels of children tested.	Limited to staff. Confidential medical records.	Division of Health Assessment and Screening	217-782-0403	Segmented by lead level, geographic location and by provider.	<a href="#">Data Elements</a>
Clearing House Database	To provide readily accessible cataloging of articles, including single word and topic searches.	None	Division of Health Assessment and Screening	217-782-0403	Listing of articles by variety of categories	<a href="#">Data Elements</a>
CLIA Data Entry	To track lab renewal information and assist in survey scheduling	None	Division of Health Care Facilities and Programs	217-782-6747	Various by query.	<a href="#">Data Elements</a>
Communication Unit Identifiers and Communication Access Codes	Control and monitoring of medical communications in Illinois (ambulance and helicopters to hospital).	None	Division of Emergency Medical Services and Highway Safe	217-785-2080	As requested for private line access code and unit identifiers for MERC radios.	<a href="#">Data Elements</a>
Contact Database	To facilitate mailings	None	Division of Health Assessment and Screening	217-782-0403	Sets of labels, directory	<a href="#">Data Elements</a>
Continuation of Health Insurance Coverage (CHIC)	Database for storage of client information for those individuals applying for payment of their health insurance premium coverage through the CHIC Program.	Approved by IDPH HIV/Aids Program. Access to data with identifiers, restricted to program personnel	Division of Infectious Diseases	217-524-5983	Financial, demographic and utilization data	<a href="#">Data Elements</a>
Cornerstone/BCCP File (Client files are maintained on paper and selected data is entered into the Cornerstone system.)	Data allows agency personnel to effectively serve BCCP clients, case management tracking by program administrators at the state level, aggregate program information reporting and submission of minimum data elements to the CDC.	Access to data is limited to personnel working with clients in a designated catchment area and to the Data Manager and administrative personnel at the state level.	Division of Women's Health Services	217-785-1058	Cornerstone Reports: HSPR0781 Summary of Services Rendered (Individual agency information) HSPR0783 Detailed Participant Procedure and Reimbursement HSPR0784 Summary Statistics (Individual agency information) 1064A Sub-report with client detail HSPR0785 Open Screening Follow-up HSPR0786 Re-screening Reminder HSPT0787 Detailed Procedures - Results with No Bills HSPR0788 BCCP Procedure HSPR1060 Summary of Services Rendered (Aggregate of statewide information)  HSPR1064 Summary Statistics (Information by agency and statewide totals)	<a href="#">Data Elements</a>

Summary Data, Error File Option E - weekly on entry. # - \$ Site, Program - monthly for billing purposes/error checks. # - \$ Sum, Program - quarterly by site/all sites. Frequency Reports by Specific Data Subsets - as needed. Site Specific Line Listings for Reimbursement - monthly.</p>
					<a href="#">Data Elements</a>
Death Data	To maintain the vital statistics of the state and to certify the records of death for the citizens of the State of Illinois	Names, addresses, Social Security Numbers not released. (Certain causes of death)	Division of Vital Records	217-782-6554	Deaths by occurrence, detail cause, birth weight (infant), accident type, external causes, out-of-state occurrence, delayed filing death, sex, race. All reports are annual.
					<a href="#">Data Elements</a>

Dental Sealant Grant	This system enables the Division of Oral Health to approve fee-for-service billing, monitor grant performance and collect number of clients served and services provided.	None statistically.	Division of Oral Health	217-785-4899	Grantee Progress Report, monthly. Individual Grantee Progress Report, monthly. Expenditure Report, annually. Annual data summary, annually.	<a href="#">Data Elements</a>
Design Standards	To track HB202 construction projects for hospitals and ambulatory surgery centers, track staff performance for evaluation purposes	None	Division of Health Care Facilities and Programs	217-785-4264	Various by query.	<a href="#">Data Elements</a>
Dissolution of Marriage Data	To maintain the vital records and statistics of the citizens of Illinois.	Names, addresses not released.	Illinois Center for Health Statistics	217-785-1064	Divorces by ages, years married, race, sex, number of children under 18, number of annulments, month, county of occurrence.	<a href="#">Data Elements</a>
Division of Health Care Facilities & Programs - 3270 Mainframe	The Division maintains a complete record on each licensed entity (hospitals, home health agencies, hospice, ambulatory surgical treatment centers, and end stage renal disease facilities) for the purpose of issuing licenses or recognition	None	Division of Health Care Facilities and Programs	217-782-0383	Directories for hospitals, home health agencies, hospices, ambulatory surgical treatment centers, and end stage renal disease facilities.	<a href="#">Data Elements</a>
Divorce Data	To create an index of all divorces, annulments, and invalidities in the state.	No copies are made of the divorce certificates. A verification of the parties' names, date of the decree, and the place where decree was granted can be issued.	Division of Vital Records	217-782-6554	Race of both parties. Age of both parties. Number of previous marriages of each party. Number of years of marriage.	<a href="#">Data Elements</a>
Drug Residue Penalty Log	Maintain records of dairy producers in the state of Illinois who have committed an inhibitor violation	None	Division of Food, Drugs and Dairies	217-785-2439	List of dairy producers who have committed inhibitor violations by year, month and day (date).	<a href="#">Data Elements</a>
Embargo Log	To maintain a list of the embargoes placed in the name of Food, Drug or Dairy Protection	Names of persons involved at the facilities	Division of Food, Drugs and Dairies	217-785-2439	Please refer to the Division of Data Processing Database Portfolio	<a href="#">Data Elements</a>
Emergency Medical Technician-Basic (EMT-B), EMT-Intermediate (EMT-I) and EMT-Paramedic (EMT-P) Licensure Database. Also First Responder and Emergency Medical Dispatchers Recognition Database	To identify licensed EMT-B, EMT-I, EMT-P, Emergency Communications Nurses, Pre-Hospital Registered Nurses, and recognition of First Responders and Emergency Medical Dispatchers.	Addresses are not released	Division of Emergency Medical Services and Highway Safe	217-785-2080	Monthly reports, monthly totals of licensed individuals by classification. Available by county, region and various sort orders.	<a href="#">Data Elements</a>
Employee Training	To keep accurate	None	Training and	217-524-6817	Training attendance	

Records	training attendance records for the employees individual use and for grant or budgetary justification.		Resource Center		by date/class. Training attendance by individual. All reports are generated upon request.	<a href="#">Data Elements</a>
EMSC Linked Dataset	To enhance pediatric surveillance and EMS quality improvement activities within the state.	Confidentiality measures have been defined.	Division of Emergency Medical Services and Highway Safe	708-327-2556	Pending	<a href="#">Data Elements</a>
Facility Licensing	To track licensing issuance of hospitals, home health agencies, hospice, ambulatory surgical treatment centers, end stage renal disease facilities and track correspondence and status of these facilities	None	Division of Health Care Facilities and Programs	217-782-0382	Various by query	<a href="#">Data Elements</a>
FDDD1	Maintain records of establishment location and inspection information for food processing firms located in the State of Illinois. Retail food establishment directory for participating local health departments.	None	Division of Food, Drugs and Dairies	217-785-2439	Please refer to the Division of Data Processing Database Portfolio.	<a href="#">Data Elements</a>
Federal Well Survey	Comply with requirements of CDC Grant	No response	Division of Environmental Health	217-782-5830	None	<a href="#">Data Elements</a>
Fluoridation	This system enables the Division of Oral Health to monitor compliance of public water supplies with the Illinois Statute mandating adjustment of fluoride to a level of between 0.9 to 1.2 milligrams per liter inclusively.	None	Division of Oral Health	217-785-4899	Monthly Fluoride Report, not scheduled. Monthly Fluoride Statistics Report, not scheduled. Quarterly Non-Compliance Report, not scheduled. Annual Fluoride Compliance Report, annually. Quarterly Non-Compliance Letter & Mailing Labels, not scheduled. Annual Report - Honorable Mention, annually. Annual Report - Certificate of Award, annually. Quarterly/Annual Natural List, annually. Current Validity Check, not scheduled. Previous & Future Validity Check, not scheduled. Monthly Fluoridation Tests Report, quarterly. Missing Samples Report, not scheduled.	<a href="#">Data Elements</a>
Genetic Counseling Services	To monitor and summarize genetic counseling activities provided through the genetic services grants.	Limited to program staff. All client information is confidential.	Division of Health Assessment and Screening	217-524-4900	In the process of being developed. Will include reports of patient demographics, patient visit information,	<a href="#">Data</a>

					indications for referral and diagnosis, laboratory test, pregnancy testing/outcome.	<a href="#">Elements</a>
GenSys Confirmed	Retention of follow-up information on confirmed cases from birth through adulthood, maintenance of a registry of clients with confirmed diagnoses, an inventory control and shipping order system for the provision of medical treatment products to PKU clients, assessment for development progress of clients	Restricted to Section staff. None statistically.	Division of Health Assessment and Screening	217-524-4900	GEN and GEC databases interface State La. activities with NBS follow-up activities to avoid duplication of data collection and to reduce the possibility of error or missed cases.	<a href="#">Data Elements</a>
GenSys Newborn Screening Suspects	Identify at-risk newborns using lab. test results, retain specified follow-up information on suspect cases, automate generation of appropriate reports, maintain a registry of clients, promulgate determining quantitative data on sources and types of errors in testing to facilitate more efficient screening.	Individual client results are confidential. Access to data is allowable only to designated staff.	Division of Health Assessment and Screening	217-782-6557	Example: Suspects by disorder, sex, age at time of specimen, and prematurity/full term.	<a href="#">Data Elements</a>
Grant Information Locator and Listing Service (GILLS)	To assist local health department staff in finding potential funding sources for programs that address priorities identified in IPLAN process	IDPH and local health department staff	Division of Health Policy	217-782-6235	Lists grant information by priority selected	<a href="#">Data Elements</a>
Grant Quarterly Report Database (Client files are maintained on paper and selected data is entered into the Cornerstone system.)	Gathering data from grantees each quarter to determine number of women served, their demographics, success in meeting their objectives	One staff person will log in all the data and run the reports	Division of Women's Health Services	217-524-6088	We expect to be asked for reports on numbers of women served, numbers of minority women served, 100% of grantees that met their objectives.	<a href="#">Data Elements</a>
Healthy People 2010 Objectives	Tracking selection of national health objectives for Department's performance management activities	None	Division of Health Policy	217-782-6235	Lists Illinois Department of Public Health offices by the Healthy People 2010 objectives each has selected for monitoring purposes.	<a href="#">Data Elements</a>
Hearing Aid Consumer Protection Program, Information System	Each person must make application to the program to become a licensed hearing aid dispenser. After successful completion of the written or practical examination administered by the	Data is available upon written request and after review by the Section Coordinator. Lists and labels may also be	Division of Health Assessment and Screening	217-782-1234	License for temporary and certified dispensers, current active list and mailing labels of dispensers by region or statewide.	

	Department - he/she is eligible for a (6 month) temporary license. After successful completion of the remaining exam, that person is eligible to become certified (2 year permanent license). A license is issued for a temporary application and again when certified.	purchased from the program.				<a href="#">Data Elements</a>
Hearing Instrument Program Database (Validation)	Track fees received	Program staff only - confidential	Division of Health Assessment and Screening	217-782-1234	Summaries	<a href="#">Data Elements</a>
Hemoglobinopathies Quarterly Reports	Monitor grantee activities	Program staff only - confidential medical information.	Division of Health Assessment and Screening	217-524-4900	Quarterly and annual summaries	<a href="#">Data Elements</a>
HIV Family of Seroprevalence Surveys	IDPH, in collaboration with the Centers for Disease Control and Prevention, is conducting HIV, seroprevalence surveys within selected populations in the state as part of a national survey, to determine the prevalence and trends of HIV infection.	Approved by IDPH HIV/AIDS program. Access to data with identifiers, restricted to program personnel.	Division of Infectious Diseases	312-814-4846	Monthly reports are generated for internal use and survey site staff during the months the surveys are being conducted. Periodic reports are distributed widely. Special reports are generated as needed.	<a href="#">Data Elements</a>
HIV Laboratory Report Database	HIV surveillance	Approved by IDPH HIV/AIDS program. Access to data with identifiers, restricted to program personnel	Division of Infectious Diseases	312-814-4846	Statistical/evaluative reports	<a href="#">Data Elements</a>
HIV Reporting System	HIV surveillance.	Approved by IDPH HIV/AIDS program. Access to data with identifiers, restricted to program personnel.	Division of Infectious Diseases	312-814-4846	Monthly and quarterly demographic data on HIV Infection Reports in Illinois.	<a href="#">Data Elements</a>
HIV/AIDS Reporting System (HARS)	HIV and AIDS surveillance	Access limited to AIDS surveillance personnel. Individual case reports are confidential. Aggregated data are released to the public. Approved by IDPH HIV/AIDS	Division of Infectious Diseases	312-814-4846	Monthly and quarterly demographic data on reported cases of AIDS in Illinois. Specific reports available upon request.	<a href="#">Data Elements</a>

		program. Access to data with identifiers, restricted to program personnel				
HIV/PCN Database	HIV Surveillance.	Approved by IDPH HIV/AIDS program. Access to data with identifiers, restricted to program personnel	Division of Infectious Diseases	312-814-4846	Statistical/evaluative reports	<a href="#">Data Elements</a>
Home Health Agency Database	Required annual license application. The data will provide an inventory of home health services and the subsequent changes over time. A variety of statistical reports is planned to be produced.	None statistically - Patient names, addresses and doctor's names and addresses are not released. Personnel files are not public information.	Illinois Center for Health Statistics	217-782-0514	Profile of Home Health Agencies	<a href="#">Data Elements</a>
Hospital Bed (HospBed) Database	Provides an accurate daily update of the number of authorized beds for each clinical service for each hospital	None	Illinois Center for Health Statistics	217-785-1064	Monthly accounting of hospital by ID Number, Name and Bed Count. Other Ad Hoc reports are available.	<a href="#">Data Elements</a>
IDPH Division of Laboratories STD Testing Data	Evaluate STD screening activities, track STD prevalence trends and produce reports to comply with state and federal reporting requirements.	Approval of IDPH STD Program. Access to data with identifiers is restricted.	Division of Infectious Diseases	217-782-2747	Summary Reports by Test, by Lab, by Provider. High Priority, Low Priority Syphilis Reports. Summary and site's specific reports on positivity testing and data completeness.	<a href="#">Data Elements</a>
Illinois Asbestos Training Course Providers	The Asbestos Abatement Act and Rules and Regulations provides for the accreditation of all training course providers that want to teach asbestos related course.	Asbestos Program use or request through the Freedom of Information Act.	Division of Environmental Health	217-782-3517	Illinois Accredited Asbestos Training Course Providers - by request.	<a href="#">Data Elements</a>
Illinois Head and Spinal Cord Injury and Violence Reporting Registries	Needs assessments for services for injured patients and injury/control prevention of head/spinal cord injuries and injuries caused by a violent act.	None	Division of Emergency Medical Services and Highway Safe	217-785-2080	Injury Control Summary, Trauma System Summary, Head and Spinal Cord Injury Summary	<a href="#">Data Elements</a>
Illinois Lead Training Course Providers	The Lead Poisoning Prevention Code provides for the approval of training course providers that teach lead courses. Licensed applicants shall complete an Illinois approved lead	Used by the Lead Program	Division of Environmental Health	217-782-3517	List of Illinois Approved Lead Training Providers	<a href="#">Data Elements</a>

	training course.					
Illinois National Electronic Surveillance System (I-NEDSS)	I-NEDSS will serve as the Department's data collection system for reportable infectious diseases. Data will be reported by local health departments, health care providers and laboratories. Data will be used for disease surveillance and control. Aggregate I-NEDSS data will be used by Infectious Disease Programs for evaluation and planning purposes.	Only registered I-NEDSS users, meeting defined criteria, will be allowed access to I-NEDSS data. Access will be further restricted by user role, jurisdiction and disease category. Data used for report purposes must be aggregate and stripped of all identifiable information.	Division of Infectious Diseases	217-524-5442	To be determined. At a minimum, this will include number and percentage of cases by disease, subdivided by residency (statewide and county) and demographic factors (race, ethnicity, age and sex).	<a href="#">Data Elements</a>
Illinois Prehospital Care Report Form (IPCRF)	Pre hospital Q/I - Output reports submitted to participating EMS System hospitals as requested.	None	Division of Emergency Medical Services and Highway Safe	217-785-2080	Quarterly reports; Admission Report, Incident Location/Type, Medical Report, EMT Skills Report, Unit Utilization Report.	<a href="#">Data Elements</a>
Illinois School Abatement Projects	AHERA and the Asbestos Abatement Act and Rules and Regulations mandates that all public and non-public school facilities submit abatement notifications and project manager reports to the Asbestos Program for asbestos projects conducted.	Asbestos Program use or request through the Freedom of Information Act.	Division of Environmental Health	217-782-3517	Current Abatement Projects - monthly	<a href="#">Data Elements</a>
Illinois School Facilities	AHERA and the Asbestos Abatement Act and Rules and Regulations mandates that all public and non-public school facilities be inspected for ACBM and submit inspection reports, management plans, and 3 year reinspection reports and project manager reports to the Asbestos Program.	Asbestos Program use or request through the Freedom of Information Act.	Division of Environmental Health	217-782-3517	List of all school facilities in Illinois.	<a href="#">Data Elements</a>
Illinois State Cancer Registry	Population based cancer incidence registry for epidemiologic studies, research projects and cancer cluster investigations.	Confidential information must have approval of data access committee. Non-confidential information is released in aggregate	Division of Epidemiologic Studies	217-785-7132	Case finding evaluation, annually. Re-abstracting study, every 2 years. Reliability, every 2 years. Annual cancer statistics and report cards (in epidemiologic report series). Downloadable public use data files.	<a href="#">Data Elements</a>

		reports and is public information.				
Illinois Trauma Registry	To assist the Department in the evaluation of Level I and Level II trauma centers to be used for injury control and prevention; and trauma research.	All data which would identify patients, physicians or facility are confidential and are subject to 77 Illinois Administrative Code, Chapter 1 515.2050.	Division of Emergency Medical Services and Highway Safe	217-785-2080	Hospital Management, Clinical Management, Quality Improvement and Register Management.	<a href="#">Data Elements</a>
INC	Maintain records of incidents (consumer complaints)	None, with exception of information covered by privacy protection of HIPPA	Division of Food, Drugs and Dairies	217-785-2439	Please refer to the Division of Data Processing Database Portfolio.	<a href="#">Data Elements</a>
Interview Record Database, AIRC on Nomad Interview Record	Monitor partner notification (PN) initiatives; data is collected on seropositive clients identified through publicly funded sites; identifies testing and client risk specifics and data-specific information on dispositions of partners notified.	Approved by IDPH HIV/AIDS program. Access to data with identifiers, restricted to program personnel	Division of Infectious Diseases	217-524-5983	Custom report per request based on data elements, statistical /evaluative.	<a href="#">Data Elements</a>
IPLAN Data System (Illinois Project for Local Assessment of Needs)	IPLAN	None	Division of Health Policy	217-782-6235	None	<a href="#">Data Elements</a>
Irrigation Program	Generation of registrations, renewals and reports for the Irrigation Program	None	Division of Environmental Health	217-524-0791	Mailing lists and labels, various lists of irrigation contractors sorted and grouped by various fields, renewal notices and registrations	<a href="#">Data Elements</a>
Lab Utilization on PFS Plan	Monitor lab utilization by publicly funded HIV counseling and testing sites.	Approved by IDPH HIV/AIDS program. Access to data with identifiers, restricted to program personnel	Division of Infectious Diseases	217-524-5983	Custom per request, statistical, evaluative	<a href="#">Data Elements</a>
Laboratory Reporting	HIV Surveillance.	Approved by IDPH HIV/AIDS program. Access to data with identifiers, restricted to program personnel	Division of Infectious Diseases	312-814-4846	Statistical and evaluative reports	<a href="#">Data Elements</a>
Lead Abatement Project Notifications	In accordance with Section 845.31 e) of the Lead Poisoning Prevention Code the lead contractor shall	Lead Program use	Division of Environmental Health	217-782-3517	Reports created based on request.	<a href="#">Data</a>

	notify the Department of any lead abatement or mitigation projects.					<a href="#">Elements</a>
Lead Children	Report children with elevated blood lead levels to refer for an environmental investigation	Lead Program use or requests through the Freedom of Information Act	Division of Environmental Health	217-782-3517	Reports created based on request.	<a href="#">Data Elements</a>
Lead Contractors	The Lead Poisoning Prevention Code requires lead abatement contractors to be licensed by the Department.	Lead Program use or request through the Freedom of Information Act.	Division of Environmental Health	217-782-3517	List of licensed lead abatement contractors.	<a href="#">Data Elements</a>
Lead Environmental Addresses	Maintain records of all environmental lead investigations in compliance with the Lead Poisoning Prevention Code.	Use of the lead program or by request through the Freedom of Information Act.	Division of Environmental Health	217-782-3517	Special reports created upon request.	<a href="#">Data Elements</a>
Lead Environmental Inspections	Inspection information for dwellings of children with elevated blood lead levels	Lead Program use or requests through the Freedom of Information Act.	Division of Environmental Health	217-782-3517	Reports created based on request	<a href="#">Data Elements</a>
Lead Inspectors, Workers, Contractor/Supervisors, and Risk Assessors	The Lead Poisoning Prevention Code requires lead inspectors, risk assessors, workers and contractor/supervisors be licensed by the Department.	Lead Program use or request through the Freedom of Information Act.	Division of Environmental Health	217-782-3517	By request; *list of licensed lead inspectors, list of licensed lead workers, *list of licensed lead supervisor, *list of licensed lead risk assessors. *These lists are on the Department website.	<a href="#">Data Elements</a>
Local Health Department Standardization Officers	Keep track of standardization exercises	None	Division of Food, Drugs and Dairies	217-785-2439	All custom	<a href="#">Data Elements</a>
Lockformer Groundwater	To monitor extent of site-related contamination and provide information to area residents about well sample results	No response	Division of Environmental Health	217-782-5830	None	<a href="#">Data Elements</a>
Long Term Care Facilities Data File	Originally CON review process for the Health Facilities Planning Board; data are now also used for program planning and monitoring by agencies such as IDPH, IDPA, DMH/DD and DOA.	Aggregated data are public information.	Illinois Center for Health Statistics	217-785-1064	Profile of Long-Term-Care Facilities, Inventory of Health Facilities and Bed Need Determination, Annual Report of Summary Long-Term Care Findings.	<a href="#">Data Elements</a>
Long Term Care Inventory Database	Purpose defined by Health Facilities Planning Board; Inventory of Health Care Facilities and Need Determination by Planning Area; Updates to	None	Illinois Center for Health Statistics	217-785-1064	Monthly Updates, Ad Hoc for Licensure and Certification.	<a href="#">Data Elements</a>

Long Term Care System, License and Certification Subsystem	Inventory. The Department maintains a complete record on each facility (ownership data, bed capacity, etc.) for the purpose of issuing licenses and to establish a data base system for logging and tracking all surveys and any legal actions.	None	Bureau Of Long Term Care	217-782-9314	Nursing Home Directory	<a href="#">Data Elements</a>
Manufactured Home Communities	Maintain, inventory and license manufactured home communities. Automated generation of renewal notices, licenses, management reports and mailing labels.	None	Division of Environmental Health	217-782-5830	Facility Listings, Renewal Status Reports, Facility Profiles, Financial Reports, Enforcement Reports.	<a href="#">Data Elements</a>
Manufactured Home Installer/Manufactured Home	Maintain, inventory and license manufactured home installers and manufacturers. Manual generation of renewal notices, licenses, management reports and mailing labels	None	Division of Environmental Health	217-782-5830	Facility listings, renewal status reports, facility profiles, financial reports, enforcement reports	<a href="#">Data Elements</a>
Marriage Data	To create an index of all marriages in the state.	No copies are made of the marriage applications. A verification of the parties' names, date of marriage, and place of marriage can be issued.	Division of Vital Records	217-782-6554	Marriages by race of bride and groom. Number of previous marriages by bride and groom. Age of bride and groom	<a href="#">Data Elements</a>
Marriage Data	To maintain the vital records statistics of citizens of the State.	Names, addresses not released.	Illinois Center for Health Statistics	217-785-1064	Marriage by age of groom/bride, first marriages, previous marriages, county of occurrence, race.	<a href="#">Data Elements</a>
Maternal Mortality Review	Data analysis is conducted by the Illinois Department of Public Health in collaboration with ISQC (Illinois State Quality Council) in an effort to asses the quality and effectiveness of the system of care for pregnant women and women one year after termination of pregnancy	Reserarch studies by ISQC; confidential pursuant to Part 21, Code of Civil Procedure, 735 ILCS 518-2101 et seq. and the Illinois Administration Code: 77 Ill. Admin. Code 651.40	Illinois Center for Health Statistics	217-785-1064	Under development by ISQC	<a href="#">Data Elements</a>
Mercury in Schools	Determine number of schools with mercury in classrooms	None	Division of Environmental Health	217-782-5830	None	<a href="#">Data Elements</a>
MGRD1	Maintain records, issue applications & certificates for manager certification	None	Division of Food, Drugs and Dairies	217-785-2439	Please refer to the Division of Data Processing Database Portfolio.	

	program participants mandated by the Food Service Sanitation Code (Ill. Adm. Code 750).					<a href="#">Data Elements</a>
Migrant Labor Camps	Maintain, inventory and license migrant labor camps. Manual generation of renewal notices, licenses, management reports and mailing labels	None	Division of Environmental Health	217-782-5830	Facility listings, renewal status reports, facility profiles, financial reports, enforcement reports	<a href="#">Data Elements</a>
Milk Sample Collector Evaluation Program Log	Maintain records of dairy plant personnel who are certified to collect Appendix N samples for analysis at specified dairy facilities and their dates of evaluation	None	Division of Food, Drugs and Dairies	217-785-2439	List of approved evaluated sample collectors at specified dairy facilities with dates of evaluation	<a href="#">Data Elements</a>
MPREP2	Methyl Parathion Public Health Response	Confidential Biological Data	Division of Environmental Health	217-782-5830	None	<a href="#">Data Elements</a>
National Milk Drug Residue Database	Maintain records of numbers of drug residue testing and positive load and producer results at approved dairy facilities where testing occurs.	None	Division of Food, Drugs and Dairies	217-785-2439	Monthly, quarterly, and yearly summaries	<a href="#">Data Elements</a>
NETSS	To document Vaccine Preventable Disease investigations.	Access is available ONLY to selected Immunization program members	Division of Infectious Diseases	217-785-1455	Disease-specific reports are various clinical, diagnostic and epidemiologic factors and numerous ad-hoc reports.	<a href="#">Data Elements</a>
NEWTECHS	To monitor certified vision and hearing screeners, locations and activities.	Limited to program staff and support staff.	Division of Health Assessment and Screening	217-782-4733	Techs by County, by Region, Active Screeners, Recertification Lists and Expiration Lists.	<a href="#">Data Elements</a>
NIA Database (clinic)	Provide data to accounting services to pay expenses	Program staff only - confidential data	Division of Health Assessment and Screening	217-782-1231	Summaries and detail reports	<a href="#">Data Elements</a>
NICOR	NICOR Mercury Response	Confidential Biological Data	Division of Environmental Health	217-782-5830	None.	<a href="#">Data Elements</a>
Nomad/3270	The Department maintains a complete record on each facility (ownership data, bed capacity, etc.) for the purpose of issuing licenses and establishing a data system for logging and tracking all surveys and any legal actions.	None	Long-Term Care, Quality Assurance	217-782-9314	Nursing Home Directory	<a href="#">Data Elements</a>
Non-Community Public Water Operator Certification	Maintain an inventory of all operators of non-transient, non-community public water supplies. Safe Drinking Water Act requires these	None	Division of Environmental Health	217-782-5830	None.	<a href="#">Data Elements</a>

	operators to be certified					
Nursing	To track inspections conducted by the nurses and assist in scheduling surveys	None	Division of Health Care Facilities and Programs	312-793-7329	Various by query.	<a href="#">Data Elements</a>
Occupational Disease Registry (Adult Blood Lead Registry)	To conduct surveillance studies on elevated adult blood lead levels and provide data to assist in assessment for policy and program impact. ABLR provides data to other IDPH lead programs and outside agencies who then conduct intervention activities. ABLR also provides data to NIOSH so that national numbers can be produced.	Aggregate data and reports are public information.	Division of Epidemiologic Studies	217-557-5663	Aggregate numbers.	<a href="#">Data Elements</a>
Pediatric Blood Lead Tracking and Reporting System	To identify patients, track specimens and report results on blood submitted for lead content in blood.	Confidential: Data to providers, Family Health, Financial Services and internally within the Laboratory.	Division of Laboratories	217-782-6562	Daily individual result reports for providers. High lead results to IDPH Division of Family Health and providers.	<a href="#">Data Elements</a>
Perinatal Mortality Review	Data analysis is conducted by the Illinois Department of Public Health in collaboration with ISQC (Illinois State Quality Council) in an effort to assess the quality and effectiveness of the system of care for pregnant women and neonates with outcomes resulting in a perinatal death (infant deaths less than 28 days or fetal death equal to or greater than 20 weeks gestation).	Research studies by ISQC	Illinois Center for Health Statistics	217-785-1064	Under development by ISQC	<a href="#">Data Elements</a>
PH01TAN	Maintain records of Dairy Plants, Dairy Farms, Inspections and Samples.	None	Division of Food, Drugs and Dairies	217-785-2439	Please refer to the Division of Data Processing Database Portfolio.	<a href="#">Data Elements</a>
PH01TAS	Maintain Bulk Tank Operator licensure records	None	Division of Food, Drugs and Dairies	217-785-2439	Please refer to the Division of Data Processing Database Portfolio.	<a href="#">Data Elements</a>
Plumbing Contractors Registration Program	Generation of registrations, renewals, and management reports for the Plumbing Contractors Registration Program.	None	Division of Environmental Health	217-524-0791	Mailing list and labels, various lists of plumbing contractors sorted and grouped by various fields, renewal notices and registration	<a href="#">Data Elements</a>
Plumbing Program	Generation of licenses, registrations, renewals, and management reports	None	Division of Environmental Health	217-524-0791	Mailing list & labels, plumbers matched with apprentices, various lists of	

	for the Plumbing Program.				plumbers or apprentices sorted and grouped by various fields, various internal control and error reports, and renewal notices and licenses.	<a href="#">Data Elements</a>
Population Estimates for Illinois Counties for Total and For Age 65+	For computing vital statistics.	None, except for proper citation.	Illinois Center for Health Statistics	217-785-1064	One report, as described above.	<a href="#">Data Elements</a>
Population Estimates for Illinois, Chicago and Downstate by Age, Sex and Race	For computing vital rates.	None, except for proper citation.	Illinois Center for Health Statistics	217-785-1064	One report, as described above.	<a href="#">Data Elements</a>
Population Estimates of Cities 10,000+	For computing vital statistics.	None, except for proper citation.	Illinois Center for Health Statistics	217-785-1064	One report, as described above.	<a href="#">Data Elements</a>
Positive Load Reports	Maintain records of the number of positive loads that have occurred in the state of Illinois	None	Division of Food, Drugs and Dairies	217-785-2439	List of positive loads that have occurred in the state of Illinois	<a href="#">Data Elements</a>
Pregnancy Risk Assessment Monitoring System	To determine prevalence of pregnancy risk factors of new mothers aged 14 and older.	Restrictions on database include compliance with CDC "at-risk" definitions, citation of data source, and Departmental review and approval of reports using database.	Illinois Center for Health Statistics	217-785-1064	Prevalence of pregnancy risk factor among new mothers.	<a href="#">Data Elements</a>
Primary Care Physician Database	Identify areas needing additional primary care physicians.	Aggregated data at county level, no names included.	Center for Rural Health	217-782-1624	County update upon request.	<a href="#">Data Elements</a>
Quarterly Inhibitor Record Audit	Maintain records of inhibitor audits performed at approved/certified dairy facilities	None	Division of Food, Drugs and Dairies	217-785-2439	List of dairy facilities of when quarterly inhibitor audits were performed	<a href="#">Data Elements</a>
Quarterly Inhibitor Sample Audit	Maintain records of sample audits performed at approved/certified dairy facilities	None	Division of Food, Drugs and Dairies	217-785-2439	List of dairy facilities of when quarterly sample audits were performed	<a href="#">Data Elements</a>
Rabies	Generation of reports to submitters and specimen tracking.	Need to know.	Division of Laboratories	618-457-5131	The test results are returned to the submitter.	<a href="#">Data Elements</a>
Recreational Areas and Youth Camps	Maintain, inventory and license campgrounds and youth camps. Automated generation of renewal notices, licenses, management reports, and mailing labels.	None	Division of Environmental Health	217-782-5830	Facility Listings, Renewal Status Reports, Facility Profiles, Financial Reports, Enforcement Reports.	<a href="#">Data Elements</a>
Refugee Tracking System	To document screening services, billing and payment integrity and to	Confidential data, security password required for	Center for Minority Health Services	217-785-4311	As needed, daily, monthly, etc.	<a href="#">Data</a>

	gather health statistics by arrival date and ethnicity and other reports for funding providers	system				<a href="#">Elements</a>
Registry of Communicable Disease Cases.	To track the incidence of communicable diseases and to assist in identifying outbreaks.	Mainframe communicable disease data are confidential because identifiers are included.	Division of Infectious Diseases	217-782-2016	Untitled - report to Centers for Disease Control of newly identified cases generated weekly. Selected Cases of Reported Infectious Diseases or Conditions - Monthly Numerous ad hoc reports depending on need.	<a href="#">Data Elements</a>
Rural Health Clinics, Outpatient Physical Therapy, Speech Pathology, Occupational Services, Portable X-Ray and Comprehensive Outpatient Rehabilitation Facilities.	To track survey history of the various facility types: rural health, outpatient physical therapy, speech pathology, occupational services, portable x-ray, and comprehensive outpatient rehabilitation facilities.	None	Division of Health Care Facilities and Programs	217-782-7412	Various by query	<a href="#">Data Elements</a>
Safe Drinking Water Program	Track sampling requirements consistent with the USEPA Safe Drinking Water Act. Primary Drinking Water Regulations, pertaining to all non-transient non-community public water systems.	None	Division of Environmental Health	217-782-5830	Progress report of testing on non-transient, non-community water systems Non-transient systems with MCL violations for VOC, SOC, IOC only Number of non-transient systems with monitoring violations for VOC, SOC, IOC only	<a href="#">Data Elements</a>
Safe Drinking Water Program-Federal Requirements	Maintain an inventory of all non-community public water supplies and store all inspections, water sample, and rule violations for requested reporting to USEPA.	None	Division of Environmental Health	217-782-5830	Inventory Summary Analysis, Date of Licensing, Delinquent Sampling Report, Mailing Lists and Labels, other under revision.	<a href="#">Data Elements</a>
Safe Drinking Water Program-Local Health Departments Evaluation	Maintain an inventory of all non-community public water supplies and store all inspections, water sample, and rule violations for requested reporting to USEPA.	None	Division of Environmental Health	217-782-5830	Inventory Summary Analysis, Date of Licensing, Delinquent Sampling Report, Mailing Lists and Labels, other under revision.	<a href="#">Data Elements</a>
Salmonella Serotype File	Surveillance of types of Salmonella in Illinois.	None of the computer database because no patient identifiers are contained in the database. Patient names are present on paper records and are not available	Division of Infectious Diseases	217-782-2016	A monthly report showing serotype by week.	<a href="#">Data Elements</a>

		outside the Division of Infectious Diseases due to confidentiality concerns.				
School Districts	AHERA and the Asbestos Abatement Act and Code requires that all school buildings be inspected for ACBM and submit a management plan and be reinspected every three years.	Asbestos Program use or requests through the Freedom of Information Act	Division of Environmental Health	217-782-3517	Reports created based on request	<a href="#">Data Elements</a>
Sexually Transmitted Disease (STD) Laboratory	Evaluate laboratory reporting and STD testing trends. Data are also used for required federal reports and grant application.	Approval of IDPH STD program. Access to data with identifiers is restricted	Division of Infectious Diseases	217-782-2747	Lab Timeliness, quarterly. Labs missing, quarterly	<a href="#">Data Elements</a>
Sexually Transmitted Disease (STD) Morbidity.	Evaluate STD incidence trends. Data are also used for required federal reports and grant application.	Approval of IDPH STD program. Access to data with identifiers is restricted.	Division of Infectious Diseases	217-782-2747	Morbidity Cross-Tab, monthly. Morbidity YTD Comparison, monthly.	<a href="#">Data Elements</a>
Sexually Transmitted Disease (STD) Patient	Evaluate timeliness and outcome of STD follow-up activities. Data are also used for required federal reports and grant application.	Approval of IDPH STD program. Access to data with identifiers is restricted.	Division of Infectious Diseases	217-782-2747	Frs Open, monthly.	<a href="#">Data Elements</a>
Sexually Transmitted Disease (STD) Risk Assessment Survey	Evaluate STD clients risks for acquiring STD's.	Approval of IDPH STD program. Access to data with identifiers is restricted.	Division of Infectious Diseases	217-782-2747	Quarterly behavioral risk assessment reports.	<a href="#">Data Elements</a>
Sexually Transmitted Disease Tracking and Reporting System-	To identify patients, track specimens and report results on gonorrhea, HIV, syphilis, and chlamydia submitted to the laboratory.	Confidential: Data to providers, IDPH Division of Infectious Disease, and internally within the laboratory.	Division of Laboratories	618-457-5131	Daily individual result reports to providers. Results to health departments and IDPH Division of Infectious Disease as needed. Monthly statistics of number of gonorrhea cultures tested, negative and positive. FTA Worksheet, weekly. RPR Worksheet, weekly. VDRL Worksheet, weekly. FTA Check Sheet, daily. RPR Check Sheet, daily. VDRL Check Sheet weekly. FTA Result Reports, daily. RPR Result Reports, daily. VDRL Result Reports, weekly. Chlamydia Worksheet, biweekly. Chlamydia Accession Sheet, weekly. Chlamydia Results,	<a href="#">Data Elements</a>

Sexually Transmitted Diseases (STD) Intervention	Evaluate outcomes and timeliness of early syphilis intervention. Data are also used for required federal reports and grant application.	Approval of IDPH STD Program. Access to data with identifiers is restricted.	Division of Infectious Diseases	217-782-2747	weekly. STD-MIS Reports; Intervention, as needed.	<a href="#">Data Elements</a>
SIDS & SIDS/IM	To determine reporting expediency and collect relevant information pertaining to SIDS Infants & their families. Provide counseling and referral services, and compile statistical data on SIDS in Illinois.	Client information is not released	Division of Health Assessment and Screening	217-557-2931	Mailing List, Statewide Totals of Reported Cases, Coroner's Reporting Expediency, Status of Cases, Overdue Nurse Report Forms, Contacts Reports, Referrals Reports.	<a href="#">Data Elements</a>
STD Table Morbidity	Evaluate treatment and timeliness reporting trends. Data are used for federal reports and grant objectives.	Approval of IDPH STD program. Access to data with confidential identifiers is restricted.	Division of Infectious Diseases	217-782-2747	Treatment rates, time of treatment to data received by IDPH STD	<a href="#">Data Elements</a>
Structural Pest Control Program and Inspection Log System	Record of inspections conducted to report to EPA for grant requirements and internal management of program.	Access is password protected by DEH program staff and DEH Data Manager. Sub-files may have confidential information pertaining to technicians and complainants.	Division of Environmental Health	217-782-4674	EPA Cases - (By Type)--(Quarterly), Detailed Evaluation, etc. -- Once or twice/year at budget time. Case For Company (As Needed). Legal Cases (As Needed). Statewide MARS Summary (Monthly). Statewide Federal MARS Summary (Monthly)	<a href="#">Data Elements</a>
Structural Pest Control Program, Vocational Licensure System (VLS)	To administer the license, registration and certification provisions of the Structural Pest Control Act. VLS Mainframe downloaded from time-to-time to update Inspection Log System.	IMSA/VLS password protected. Only central office program staff can amend a file. Regional staff have "Read Only" capability which is also password protected.	Division of Environmental Health	217-782-5830	Alpha listing of all licenses, alpha listing of all registrants and alpha listing of all certified technicians (monthly - CO; quarterly - regions; others upon request). Mailing labels for above and match list - certified technicians with all licensees/registrants (upon request). Technician detailed printout (quarterly). Listing of technicians without seminar credit (annual).	<a href="#">Data Elements</a>
Summer Food Program Contract Log	Track local health departmentns with contracts and the funds they are due	None	Division of Food, Drugs and Dairies	217-785-2439	Please refer to the Division of Data Processing Database Portfolio	<a href="#">Data Elements</a>
Survey of Occupational Injuries and Illnesses	To identify and quantify occupational nonfatal injuries and illnesses occurring in Illinois workplaces so that preventive	Must have approval from Bureau of Labor Statistics.	Division of Epidemiologic Studies	217-557-5663	Annual OSH report published by IDPH	<a href="#">Data Elements</a>

Swimming Pool and Bathing Beach	programs can be developed. Maintain, inventory and license public swimming facilities and bathing beaches. Automated generation of renewal notices, licenses, management reports and mailing labels	None	Division of Environmental Health	217-782-5830	Facility Listings, Renewal Status Reports, Facility Profiles, Financial Reports, Enforcement Reports.	<a href="#">Data Elements</a>
TAND1	Maintain records of Tanning Facilities and Inspections.	None, with exception of information covered by privacy protection of HIPPA	Division of Food, Drugs and Dairies	217-785-2439	Please refer to the Division of Data Processing Database Portfolio.	<a href="#">Data Elements</a>
TIMS (Tuberculosis Information Management System)	Surveillance, CDC Reporting	Confidential	Division of Infectious Diseases	217-785-5371	Yes	<a href="#">Data Elements</a>
TOTS	To improve immunization coverage levels	Access is available ONLY to selected Immunization program, DP & TOTS development team members and enrolled providers.	Division of Infectious Diseases	217-785-1455	Patient-specific vaccination forecasting, school physical forms, reminder/recall notification to return for overdue vaccinations, and practice and registry-based immunization coverage level assessments	<a href="#">Data Elements</a>
Tox 2002	Filing and retrieval	None	Division of Environmental Health	217-782-5830	None	<a href="#">Data Elements</a>
Trauma Nurse Specialist	To track nurses who complete the Department's course	None	Division of Emergency Medical Services and Highway Safe	217-785-2080	As needed, reports are generated for each of the 14 training sites.	<a href="#">Data Elements</a>
Universal HIV Prevention Log (HERR)	Monitor client's demographics for educational purposes	Approved by IDPH HIV/AIDS Program. Access to data with identifiers restricted to program personnel	Division of Infectious Diseases	217-524-5983	Monthly, quarterly and bi-yearly reports by agencies	<a href="#">Data Elements</a>
VACMAN - Vaccine Management System	Used by immunization grant programs and to maintain inventories	Under legal discussion.	Division of Infectious Diseases	217-785-1455	Vaccine reports, lists of physicians, Inventory Reports, Bulk Order Reports, Summary Reports and Administrative Reports.	<a href="#">Data Elements</a>
Very Low Birth Weight	Data analysis is conducted by the Illinois Department of Public Health in collaboration with ISQC (Illinois State Quality Council) in an effort to assess the quality and effectiveness of the system of care for all	Research studies by Illinois Statewide Quality Council (ISQC)	Illinois Center for Health Statistics	217-784-1064	Under development by ISQC	<a href="#">Data Elements</a>

Vision and Hearing (Information Request)	live births withing 500-1499 grams To track brochures provided	None	Division of Health Assessment and Screening	217-782-1231	Summary data	<a href="#">Data Elements</a>
Vision and Hearing Database (Summary)	To summarize activity.	Program staff only - published in paper form	Division of Health Assessment and Screening	217-782-1231	Summary data	<a href="#">Data Elements</a>
Vision and Hearing Technicians	Maintain list of technicians	Program staff only - confidential data	Division of Health Assessment and Screening	217-782-1231	Lists of technicians	<a href="#">Data Elements</a>
Vision and Hearing Version 1.2 (Hearing Instrument Program)	Monitoring and licensing hearing instrument dispensers.	Program and support staff.	Division of Health Assessment and Screening	217-782-1234	Renewal reports, expiration, active lists, labels, business lists and examiner lists.	<a href="#">Data Elements</a>
Vitamin Testing Surveillance Program	Maintain records of dairy facilities who fortify dairy products with vitamins and dates when products were analyzed for vitamin content	None	Division of Food, Drugs and Dairies	217-785-2439	Lists of dairy facilities and the products that they fortify with vitamin with the dates of analysis	<a href="#">Data Elements</a>
Vocational Licensure System (VLS), The Private Water Program	Maintain an inventory, license all water well and/or pump installation contractors and send annual license renewals.	None	Division of Environmental Health	217-782-5830	Inventory of licensed contractors and delinquent licenses report.	<a href="#">Data Elements</a>
Vocational Licensure System The Private Sewage Program	Maintain an inventory, license all sewage contractors and send annual license renewals.	None	Division of Environmental Health	217-782-5830	Inventory of licensed contractors and delinquent licenses reports.	<a href="#">Data Elements</a>
