

ELIGIBILITY FOR BIRTH RECORD

Before request for a certification or certified copy can be considered, you must specify your eligibility to obtain it. Illinois law states that certifications or certified copies of birth records may be issued only as listed below:

Upon the specific written request for a certification or certified copy by the person, if of legal age (18 or older), or by a parent or other legal representative of the person to whom the record of birth relates; or

Upon the specific written request for a certification or certified copy by a department of the state, a municipal corporation, or the federal government; or

Upon the order of a court of record.

If you are eligible, please indicate on the application your relationship to the person registered and the intended use of the copy. Return the application to the Illinois Department of Public Health with the proper fee or receipt showing you have already paid the fee.
